1960-2010

Labotec EXPOsed 2010 Invitation to seminars & product exhibitions

Head Office Midrand:
Wednesday 13 October 2010

Seminar Room A – Downstairs

09h00 – 11h00

ORION – THERMO SCIENTIFIC – Sue Faulkner, UK
How to take the perHaps out of pH measurement. Theory and application (including practical/demo)

11h30 – 12h30

DEPT OF WATER AFFAIRS – Mariette Swart
Laboratories within the Water Services Sector: Requirements for Blue Drop / Green Drop Certification

14h00 – 16h00

SARTORIUS – Dirk Ahlbrecht, Germany
Correct weighing in the pharmaceutical and food industry. Fundamentals, regulations & correct procedures

Seminar Room B – Upstairs

08h30 – 11h30

ESCO – Alvin Heah, Singapore
Major International Standards and Training for Biological Safety Cabinets

12h00 – 13h00

JULABO – Christian Walker, Germany
Replacing tap water in cooling processes – Use of Chillers and how it pays back fast!

14h00 – 16h00

SOCOREX – Sylvain Christen, Switzerland
Pipette techniques for consistency, Swiss accuracy and comfortable ergonomics (including practical/demo)

Thursday 14 October 2010

Seminar Room A – Downstairs

08h30 – 11h00

INTEGRA BIOSCIENCES – Christian Lucini, Switzerland
Automatic preparation of culture media – fast and reliable media processing (incl. practical)

11h30 – 12h30

ALBERT LUTHULI HOSPITAL – Siphon Msimango
Xylene-free tissue processing

13h30 – 15h00

BUCHI – Roger Pendl, Switzerland
From the inventors: Latest in Rotary evaporation (including practical)

15h30 – 16h30

SARTORIUS-STEDIM – Sabrina Armgart, Germany
Latest trends in fermentation and cell culture – a manufacturer's view

Seminar Room B – Upstairs

08h30 – 10h30

ELGA – Mat Hammond, UK
Sustaining pure water for pure science

11h00 – 12h30

UNIVERSITY OF PRETORIA – Prof Michael Pepper
The promise of stem cells: reality versus hope

14h00 – 15h00

NATIONAL LAB ASSOCIATION – Steve Sidney
Lab Accreditation - perspectives from local, regional and international users

RSVP by e-mail: rsvp@labotec.co.za | phone: 072 277 1263 | internet: www.labotec.co.za by 23 September 2010

13 & 14 October 2010 – Midrand

Labotec EXPOsed 2010

University of KwaZulu-Natal, The Innovation Hub, Durban: 11 October 2010
University of Western Cape, New Life Sciences Building, Bellville: 15 October 2010

Seminar Room A

08h30 – 11h00

INTEGRA BIOSCIENCES – Christian Lucini, Switzerland
Automatic preparation of culture media – fast and reliable media processing (including practical)

11h30 – 13h00

BUCHI – Roger Pendl, Switzerland
Straight from the inventors: Latest in Rotary evaporation (including practical)

14h00 – 16h00

ORION – THERMO SCIENTIFIC – Sue Faulkner, UK
How to take the perHaps out of pH measurement. Theory and application (including practical/demo)

Seminar Room B

08h30 – 11h30

ESCO – Alvin Heah, Singapore
Major International Standards and Training for Biological Safety Cabinets

12h00 – 13h00

JULABO (only in Cape Town)
Christian Walker, Germany
Replacing tap water in cooling processes – use of Chillers and how it pays back fast!

14h00 – 16h00

ELGA – Mat Hammond, UK
Sustaining pure water for pure science

Seminar Room C

08h30 – 10h30

SARTORIUS – Dirk Ahlbrecht, Germany
Correct weighing in the pharmaceutical and food industry. Fundamentals, regulations & correct procedures

11h00 – 13h00

SOCOREX – Sylvain Christen, Switzerland
Pipette techniques for consistency, Swiss accuracy & comfortable ergonomics (including practical/demo)

14h00 – 15h00

ALBERT LUTHULI HOSPITAL – Siphon Msimango
Xylene-free tissue processing

15h30 – 16h30

SARTORIUS-STEDIM – Sabrina Armgart, Germany
Latest trends in fermentation and cell culture – a manufacturer's view

11 October 2010 – Durban | 15 October 2010 – Cape Town
